

THE HAZEL GREEN HERALD.

VOLUME I.

The Herald

Is the only paper published in Wolfe county, and circulates largely in the counties of Wolfe, Morgan, Powell, Menifee, Magoffin, Breathitt, Elliott, Estill and Floyd, the latter being the most important of the day kind. THE HERALD is, therefore, The Best Advertising Medium in Eastern Kentucky, and advertisers can reach more people by an advertisement in its column than by any other means. Try it, and be convinced.

PUBLISHED EVERY WEDNESDAY MORNING,

BY SPENCER COOPER,
Owner and Editor.

AN ELEGANT STEAM-WINDING SILVER NICKEL WATCH FREE!

"The Waterbury."

Desiring to start up business, I have decided to present a splendid watch to all who subscribe, and as GOOD A TIMEKEEPER AS many will sell for \$30.00, to such of my friends and customers who will come forward and subscribe, I will give them a discount of \$25.00 or over, provided, the note was for merchandise bought of me while in Waterbury. And in order to make the offer more modest, I will discount the watch, price 50%, in proportion, to those whose notes are less than \$100. This offer is good until June 1st. Call on or address W. O. MIZE, Hazel Green, Ky.

HAZEL GREEN, KY.:
WEDNESDAY.....APRIL 22, 1885

[Entered at the Hazel Green postoffice as second-class mail matter.]

ANNOUNCEMENTS.

We are authorized to announce D. S. GOSEY as a candidate for representative from the district composed of the counties of Montgomery, Menifee, Powell and Wolfe, subject to action of the democratic party.

We are authorized to announce Dr. F. M. THOMAS an independent republican candidate to represent the legislative district composed of Montgomery, Menifee, Powell and Wolfe counties.

LET US EDUCATE.

There would be a stronger argument produced in favor of education than the article which appears on our front page today, under the caption of "Public Schools." It is a speech delivered by Lord MACAULAY in the house of commons, England, as far back as 1847. In it he goes over the entire subject by detail, and his conclusions, based upon the statistics of prisons and prisoners, are those of a wise counselor. It would be well for each man, woman and child in the mountain country to read every line of it, that they may prepare themselves for the future education of our people. Especially should the heads of families and property owners realize their duties in this matter. The people must be educated—the masses—and it behoves every man who has the good of his fellow-man at heart to assist him in anything so laudable as an education. Do not let pecuniary penury stand between you and right. You cannot take away from this world any more than you brought into it, unless it be of those valuable commodities, sin and stinginess. Unload some of your hoarded wealth, therefore, to assist those whose fortune has not favored as she has you, and aid in educating the youth of the land. Hand out your shekels to supplement the school fund of your county, until every neighborhood in the mountains may reverberate with the joyous sounds of the school-house bell. The precept established heretofore by several of our immediate citizens, of supplementary gifts to this cause, is certainly a very commendable one, and should be practiced by all well-meaning men. If you would wipe out crime you should use charity, especially toward schools. Lord MACAULAY holds: "He who has a right to hang has a right to educate." Is it not so? Can you conscientiously conceive that it is right to punish a ignorant? No, the law of the land does not recognize ignorance as an excuse, but what about the law of God? Does not an accusing conscience say to you, every time one of these uneducated unfortunate comes up for a criminal offence, "I am in a measure responsible for that man's crime; I have lived a frugal life and hoarded that which I have, with which I might have spared some for his and his children's succor?" Be a man, and show your worth by your deeds. Let us have schools—common schools, graded schools, high schools, colleges. When we shall have them, then this country will flourish as a green bay tree. Do not say "That will never be!" It is just as easy to say "It shall be done!" Talk with your neighbors and impress them with the idea of education. Show them the fruits of it in places where they most enjoy it, and engage them in enterprises in each precinct to extend the school term by a liberal donation of private funds. You will never miss what you give, because the increased happiness and prosperity you will witness will more than compensate you for the pecuniary outlay.

OUR STAGE LINE.

A stage line here to Rothwell will pay a bigger dividend than any railroad in the country. Do not talk our word for it, but go to work and prove it by building it up. The traveler over this road would be not less than 5,000 persons per annum, which at the minimum price of \$2.00 apiece would be \$10,000, and \$5.00 would cheerfully be paid for three months in the year, which would make the receipts at the rate of \$15,000, for the passenger traffic alone. Then the mail contract could be secured at \$1,000. It is now carried in a very unsatisfactory manner at \$800, but even this would pay for the care of the stock on the line. The express master would more than pay for the drivers, two of them, and the wear and tear on the stages. There is no toll to pay, and at one end of the line board for the drivers and stable room for the horses have been tendered, without cost, by Mr. J. H. PIERATT, of the Pieratt House in this town. Besides these advantages, the trains on the Kentucky and South Atlantic railway, running from Mt. Sterling will be made to arrive at, and depart from Rothwell to suit the convenience of the stage line, provided

reasonable hours are named. Moreover, Mr. G. B. HARPER, the accomodating and affable superintendent of said road will do anything in reason to advance the project. We have here shown \$11,250 net receipts from such a line, after it is equipped, which would probably cost, for twelve horses, \$1,000; two stage coaches, \$1,200; harness for the twelve horses, \$660—total, \$2,560—clear net gain, \$8,690. It will be observed that we have priced the horses and stages at a high figure, while our estimate of the travel and express master has been very low; but we do this to demonstrate that there is money in the enterprise, and we hope some clear headed man may take hold of and push the enterprise to a success. We might go on and demonstrate still further profits to accrue from such a line, but deem our estimate sufficient.

AN URBANE OFFICIAL.

Of the few railroad officials who have won the confidence and esteem of the public, there are none more urbane and courteous than the clever superintendent of the Kentucky and South Atlantic railway, Mr. G. B. HARPER. He is more generally liked than any official we know, and the reason is obvious. He is ever on the lookout for something to build up the country through which his road runs. The gentle offer he made in regard to our proposed stage line was not a venture that have been made by any other rail road official in the country. They are generally very stiff, and want the favors to be extended in their direction, but he seems to accommodate the line at the expense of his road, and the people of this section appreciate the offer much. We hope this road may be extended nearer to us soon, that we may see more of him, and be able to reciprocate his many generous offers.

Kentucky's Resources.

[Bennet H. Young.]

First—Her climate is the most salubrious, possessing all the elements of a healthy and happy life required. Situated in the heart of the country, half way between the north and the south, her climate is neither too hot nor too cold. Her rainfall per annum is considerable, the northwest, where many Kentuckians emigrate, the rainfall is only 33 inches, and in the winter of sand and storms, Kentucky would bear comparison with any part of the world.

Second—She has more miles of navigable rivers within and around her borders than any other state of equal size. These, properly improved, would be great centers of inland commerce.

Ohio, Indiana and Pennsylvania have very few navigable rivers, Kentucky has 2,700 miles.

Third—The master of coal, Kentuckians, stands pre-eminent by nature. She has 300 square miles more coal than Great Britain. One third of the whole state is underlaid with coal or slate, 18,000 square miles, containing 200,000,000 tons.

Fourth—She is a beautiful dapple gray, sixteen hands high, finely formed and exhibits grand action and style.

"I can't imagine" said "what gave

rise to such a preposterous statement,

Is it right to allow the whisky traffic to poison the people, manufacture drunkards, paupers, vagrants, tax-gatherers, gamblers, the honest and upright men on unrighteous gains? The good men and women from Plymouth rock to the Golden gate say "no," and humanity shouts, "amen."

The suggestion contained in last week's HERALD in regard to the establishment of sale days at Hazel Green, ought to be adopted, not only by the people of that vicinity, but such sale days ought to be held in every county and in the mountains.

When we quit driving our stock to the lower markets, there to run the gauntlet of combinations to slaughter price, we will be compelled to pay for our stock what it is reasonably worth.

A company was incorporated at the last session of the legislature to bridge Licking at or near this town. It is to be hoped that the engineer who designed it will not get the project on foot at once and accomplish the work this season. It is a convenience demanded by the very necessities of our people, and an engineer should be engaged to be encouraged and aided by all. By all means let it be completed before next winter.

The board of trustees of West Liberty, at a recent meeting, repealed the ordinance which prohibited the owners of hogs from bringing them to run at large on the streets. This was a wise act and does not meet the approval of a large majority of our people. Common decency, as well as security to the yards and gardens in the city, demands a hog law.

From a private letter to W. T. Caskey,

of this place, from Montevideo, Mo., we are permitted to make the following extract:

"Enclosed you will find a copy of THE HAZEL GREEN HERALD sent me. I am well pleased with it.

Find enclosed \$1 to pay a year's subscription to your paper. I will not wait for it four times the price. All good people ought to do something for THE HERALD, and especially those in Eastern Kentucky."

E. H. SPEELE.

From a letter to W. T. Caskey,

of this place, from Mr. H. C. Hinkle,

of Cincinnati, O., I will enclose

one dollar to help the paper along.

Dr. F. M. Thomas, Hazel Green, called at our office Monday, while in town. Dr.

Thomas is an independent republican,

and in hard wood timber she has more

and five other states. Any quantity

of land in Eastern Kentucky can be

had for a song, per acre, when

there are no trees in work ten feet

high, and the soil is good.
